Introduction

Dojo is a place of training for various kinds of martial arts. The household management app, 'Dojo', facilitates a similar environment of discipline and respect between members of a common household through its various organizational features. The payment and task tracking features of 'Dojo' ultimately aim to improve the communication and relationships amongst members by providing a common space for them to stay organized, respect their common space, and be held accountable for responsibilities.

Login Credentials

We have provided the following Google accounts for testing purposes.

1. Username: thedojoproject@gmail.com
Password: dojo_app123
2. Username: thedojoproject2@gmail.com
Password: dojo_app123
3. Username: thedojoproject3@gmail.com
Password: dojo_app123

Requirements

Three iPhone 6 or later running iOS 11.
The devices are connected to WiFi.

Installation Instructions

Install “Expo Client” from the App Store.

How-to-run Instructions

1. Launch the Expo app.
2. Tap “Scan QR Code”.
3. Scan the following QR Code.

Source Code

The source code of Dojo can be viewed in the following repository on Github.

<https://github.com/dojo-app/dojo>

Known Bugs

While viewing Personal Totals, the values may be off by a few cents due to rounding error.

Troubleshooting

If any unexpected behavior occurs, try refreshing the app by shaking the phone and pressing the refresh button.

If the issue persists, double click the home button, swipe up to close the Expo app, and relaunch by following the How-to-run Instructions.
