The course URL is: <http://ieng6.ucsd.edu/~cs12x>

grading: 1% professionalism, 9 programming assignments: 49%, quizzes: 10%, final: 40%

prerequisite: CSE 8B or CSE 11 or equivalent, and CSE 15L(co-requisite)

In this course, students will learn Basic Data Structures and Object-Oriented Design in C, C++ and Java. Assignments will be found on-line in `~/./public` when they become available. The course discussion board will contain the latest changes/clarifications/hints for the assignments.

All assignments are electronically due on a previously announced date and time. All assignments must be turned in from your CSE 12 account. You are responsible for ensuring that all files are in your account and are turned in by the deadline. Hardware failures, inability to access computing resources, and/or deleting of files will not cause extension of deadline dates. No late assignments will be accepted. Your programs must compile as directed before any points can be awarded.

You are responsible for reading the course discussion board on a regular basis and you are responsible for the contents in all the pages linked from the course web page.

Failure to complete the final exams will result in failure to pass the course. Failure to sign and submit the Integrity of Scholarship Agreement will result in failure to pass the course.

Individuals are not permitted to approach students to offer services of any kind in exchange for pay, including tutoring services. This is considered solicitation for business and is strictly prohibited by University policy.

For Late Add Policy, please see the CSE Department website:
